

## Uniform Policy

### 1. Purpose and Objectives

The purpose of this policy is to provide a framework for the standards of the College student uniform. Canterbury College believes school uniforms provide many benefits to the College and its students. We have prepared these regulations setting out the College uniform with the following principles in mind:

- The uniform fosters College spirit.
- The uniform helps eliminate social distinctions between students.
- The uniform enhances the safety of our students and community.
- The uniform is comfortable to wear.
- The uniform reduces distractions otherwise arising from students wearing different clothing.
- The uniform is in line with the expectations of the community.

The College designates the wearing of, and type, of clothing for all aspects of our co-curricular activities and curricular programs. These requirements are guided by the principles set out above.

### 2. Definitions, Terms and Acronyms

Canterbury College	Canterbury College Ltd or any controlled entities of Canterbury College Ltd
ELC	Early Learning Centre
HPE	Health and Physical Education
Summer	Terms 1 and 4 of the School Calendar
Winter	Terms 2 and 3 of the School Calendar

### 3. Policy Scope and Coverage

The Uniform Policy applies to all parents/carers and students currently enrolled at Canterbury College, and all teaching and administrative staff responsible for enforcing the College's uniform standards.

### 4. Policy Statement

The policies detailed below and the accompanying guidelines and procedures form part of the College Policy and are to be adhered to.

There will be occasions where students cannot wear the exact clothing we have designated. For example, a student may injure a foot and be unable to wear the correct shoes. In these cases, a note from a parent or carer should be written and addressed to the Head of Junior/Senior School.

Where a religion genuinely followed by a student or their parents mandates the wearing of certain clothing, The College will assess the requirement by the principles set out above and will act reasonably to make decisions considering the interests of the College community.
