

## Study Abroad General Information

Thank you for considering Canterbury College for your Australian education experience.

You are encouraged to visit the official Australian Government Website for advice on studying and living in Australia:

### [Futures Unlimited](#)

This website provides impartial information on:

- Courses
- Education institutions
- Study costs
- Living costs
- Application process
- Visa requirements
- Employment
- Money Matters
- Help centres in your own country.

For more information you can also visit these websites:

[ESOS Framework for International Students](#) (Australian Government Guidelines)

[Life and Study in Australia](#) (The official Australian Government website for International Students)

[Department of Immigration and Border Protection](#) (Visa)

[National ELICOS Accreditation Scheme](#) (Canterbury College is accredited under the NEAS accreditation scheme)

### Overseas Student Health Cover (OSHC)

All Student Visa holders must have Overseas Student Health Cover (OSHC) for the duration of their Visa. This Health Cover provides medical and hospital insurance while living in Australia.

Students must not arrive in Australia before the date of commencement of Health Cover. If you are in Australia and do not have adequate health insurance, you are in breach of [visa condition 8501](#).

Canterbury College can organise OSHC coverage for students through [BUPA](#), or students can select an approved OSHC provider and organise their own cover. Please consider [BUPA's Price List](#) for OSHC.

Students can find out the length of Health Cover required at [student visa grant periods](#).

Students must include the Policy Number of the OSHC in their Student Visa 500 application to the [Australian Visa Office](#).

## Living in Australia

The Australian Government, [Department of Home Affairs Living in Australia](#) web pages contain information and publications about life in Australia, and links to government settlement services including help learning English. These pages also provide information about Australian values and the cultural diversity of Australia's people.

[Study Brisbane](#) is also a useful website for students considering study here.

## Visa Requirements

Please visit the [Department of Home Affairs](#) website for information about Student Visa applications and requirements. Students must comply with the requirements of the Department of Home Affairs in regard to regulations governing international student entry to Australia.

## ESOS Framework

The Australian Government wants International students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for international students. These laws are known as the [ESOS legislative framework](#) and they include the Education Services for Overseas (ESOS) Act 2000 and the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#).

Families and students should make themselves familiar with this [Simplified student visa framework](#).

## Useful Links for International Students
