Notes

Bus Travel Assistance Application

School Transport Assistance Scheme (STAS)

These instructions must be read before completing this form. Please remove this page and keep it for your records.

Conditions of travel

The School Transport Assistance Scheme (STAS) provides assistance to enable school students to attend education facilities. Travel on school transport services is subject to requirements of the Transport Operations (Passenger Transport) Act 1994. Parents are asked to note the following conditions and ensure their children are also made aware of these conditions. Further information on the STAS and additional application forms are available at www.translink.com.au/schooltransport

Applying for bus travel assistance

It is recommended to apply online for faster application processing https://www.qld.gov.au/transport/public/school/school-transport-assistance/apply-for-school-transport-assistance

Complete this form if you wish to apply for distance-based travel assistance. Fill in all questions on the form. If you do not it may delay the processing of your form.

Return the completed form to your local bus operator. This must be done within seven days of the student starting to travel on the bus. Applications can only be accepted for the current school year.

If the student catches more than one bus to get to school, an application form must be completed for each bus service.

If the student changes school or address during the year you will need to reapply for assistance. You must also inform TMR if the number of times the student catches the bus each week changes.

The bus operator will issue interim approval only. Final approval for assistance can only be granted by TMR.

TMR will advise successful applicants in writing. If your application is unsuccessful, you will be advised by your local bus operator.

Eligibility This is a summary and is subject to change. Full and current details are available at www.translink.com.au/schooltransport

Eligibility for STAS is dependent on the applicant meeting all relevant criteria of the scheme. The distance criteria must be met and the student must travel on the designated service for the area in which they reside in order to quality for government funded travel. This assistance cannot be transferred to another operator. Other general conditions must also be met before assistance can be approved. Full details can be found at www.translink.com.au/schooltransport

The following conditions apply under the STAS:

- 1. Students must be enrolled at an approved school.
- 2. State primary school students (years prep to 6) must live more than 3.2 km by the shortest trafficable route from the nearest state primary school. Non-state primary students (years prep to 6) must live more than 3.2 km from both the nearest state school and non-state school of the type attended.
- 3. State secondary school students (years 7 to 12) must live more than 4.8 km by the shortest trafficable route from the nearest state secondary school. Non-state secondary students (years 7 to 12) must live more than 4.8 km from both the nearest state school and non-state school of the type attended.
- 4. Measuring: A Geographical Information System is used to identify and measure the shortest trafficable route between the residential property and the nearest state school. Measurements are taken over roads open for public use.
- 5. Students are only eligible to receive assistance on the designated bus service for their area. This service is determined by TMR. In some circumstances, the designated service will transport students to other than the nearest school, due to historical or practical reasons.
- 6. Financial assistance may be available under the provisions of the safety-net scheme for financially disadvantaged students residing close to their nearest school.
- 7. Financial assistance may also be available for those parents who choose to transport their children by private motor vehicle. Conveyance allowance may also be available to parents who drive their child/children to the bus service.
- 8. In assessing eligibility of students, the minimum frequency of travel is 20%, that is, two trips per week.
- 9. In some circumstances, eligible students who do not attend their nearest state school may receive travel assistance based on the distance to the nearest state school. Parents are then responsible for payment of any excess fares to the school attended.
- 10. Students living in an area services by a kilometre-based school bus service are not eligible for assistance on fares-based services.
- 11. Students from overseas, interstate or on student exchange programs are not eligible to receive travel assistance.
- 12. Students attending TAFE colleges are not eligible to receive transport assistance.
- 13. Travel assistance is only available from one address and to one school facility. This address must be the principal place of residence of the student's parent or guardian. For students under shared guardianship, parents must decide from which address they will apply for assistance.

The Department of Education is responsible for transport assistance for schools with a disability. Please discuss eligibility requirements and assistance types for these students with the school attended.

Bus passes

If bus passes are issued to students, these passes must be produced to the driver upon request.

Passes are not transferable. Bus passes must be returned to the bus company immediately upon the students ceasing to use the bus.

A replacement fee will be charged for all lost passes. Damaged passes will be replaced at a nominal fee provided the damaged pass is produced and identifiable.

Any excess fares for a student's travel are to be paid directly to the bus operator.

Code of conduct for school bus travel

TMR has in place a Code of Conduct for School Students Travelling on Buses. The Code applies to all students attending primary and secondary school in Queensland who use buses either to travel to and from school or for other school-related activities such as excursions.

The Code sets out prescribed standards of behaviour and examples of how your child can meet these standards.

Brochures outlining the Code of Conduct and detailing students and parents' responsibilities are available from your local bus operator or nearest TMR office as listed below.

Change of circumstances

It is a parental/guardian responsibility to advise TMR within seven days when there is a change to a student's personal circumstances that would affect their eligibility for school transport assistance.

Parents must:

- 1. Complete and submit a new application form when a student changes school or address.
- 2. Complete and submit a new application form when a student goes from primary level (years prep to 6) to secondary levels (years 7 to 12), even if the student is remaining at the same school.
- 3. Notify TMR if the number of times the student uses the bus service changes during the year.
- 4. Advise the bus company and TMR when a student no longer travels on a particular service.

Circumstances may also change during a student's schooling which makes a student ineligible to continue to receive assistance. These can include, but are not limited to, a new school built in a local area, or a new road network.

TMR reserves the right to withdraw travel assistance and recover monies paid if investigations show the student to be ineligible. Persons who intentionally provide false information to obtain a benefit may be liable to a fine under Section 149 (3) of the Transport Operations (Passenger Transport) Act 1994.
